Thank you for all you're doing to think this through and improve our systems of communication. You guys are awesome! (P.S. I love the website, I just don't get there often because I have so little time at the computer. I'm lucky if I check my email. I'm sure I would use it more if I had more time at my computer.)

Thanks!

I think our communications have improved over the last year or so

I'll have to think about it. I guess word gets around the ol grapevine just fine for me LOL, but i do like the bulletin best. I like seeing it in print and then being able to take it home for reference

6/23/2012 8:05 PM

I like the paper bulletin because I can refer to it off line.

This survey did not let me number my preferred order to receive info, it self numbered. I like the email with notification that the bulletin is available and emails for other important announcements.

Thank you for all the ways you are serving and loving our community!

I look at the website more than 1-5 times per month (especially when working on it) but in regards to announcements, I rely on the emails sent out. :)

The Website does not allow me to register or enter a password, or reset my password, so I am unable to view parishoner info.

I don't know how much the weekly bulletins cost, but it might be a way to cut costs if the bulletins were just made available to visitors.
